CHRISTIAN CAMPUS MINISTRY

MATTHEW 28:18-20

The Mission is to Boldly Share the Gospel

Jesus commissioned his disciples to proactively go out and spread His message of salvation to a lost and dying world. “Go into all the world and preach the gospel to every creature” (Mark 16:15). Despite the call to mobilize, many Christians have taken a more apathetic approach to soul winning on college campuses, the very place where anti-Christian thought is proactively propagated, and students are inoculated against Christianity.

CCN is a fellowship of born-again believers, who have a burden to see souls saved, and are willing to take up their cross, follow Christ’s command, and proactively spread the gospel on their college campus and in their local area. Through weekly Training Fellowships, providing in-depth biblical evangelism and apologetics training, as well as teaching in foundational Christian doctrine, CCN members are fully equipped to defend the Christian faith, spread the biblical gospel, and grow in their understanding of the Word of God!

Repent and Witness!

This summer, Christians will gather from around the country to join together in worship and prayer, and to learn the Word of God, spread the gospel biblically and boldly, and fellowship with other soul winning, on fire Christians! This is not an ordinary conference! This is a boot camp!

The Goal? To equip and galvanize Christians to become God-centered, soul-conscious Christians, who desire to serve the Lord fully by maximizing their college experience and spreading the gospel proactively and biblically.

Why New York City? New York is one of the most diverse places with individuals from countless spiritual backgrounds. With numerous venues to witness one to one and open-air preach, there is never a shortage of souls or experience! This will not be an easy camp, but will push them to another level...

Partnership

Would you like to help a missionary attend “Repent and Witness” so that they may be stretched in their faith as they evangelize New York City, and train to evangelize their area when they return home? Christians return bolder and more experienced in soul winning!

Camp Cost: \$240 (includes room and board and transportation in NYC). Some missionaries have additional travel costs to arrive and depart from the event (train, bus or air fare).
